To,
Shri Devang Dani Sir,
Standing Committee Chairman.
Ahmedabad.

Respected Sir,

I want to place on record my sincere gratitude for having responded promptly to my appeal to solve my daughter's social problem. Sir, we all the members of the family were living under constant fear due to the constant threats from my son in law. We were completely puzzled and perplexed, not knowing what to do. My daughter Hardi has endured a lot of physical and mental torture and harassment from my son in law. We had left the hope to survive. We were on the verge of committing suicide.

Luckily we approached you soliciting and beseeching your support for this social problem. You understood the seriousness and gravity of our problem and immediately did everything whatever you could. We could heave a sigh of relief only because of your timely support. You have given us a BONUS LIFE. We convey our sincere thanks to you for this help.

You are canny, candid, extrovert, and a real diamond. You deserve a BIG SALUTE and STANDING OVATION. It's my pride and pleasure to say that we, the common people of the society need not worry as long as you are there to safeguard.

We do have high regards, deep confidence and trust in your managerial abilities. You have got all the talents, abilities, capacity, guts, flair and a unique knack to win the trust and love of one and all. Your stellar qualities of head and heart attract everyone towards you and make you popular.

I would like to conclude by saying that "No One can equal you and no one can surpass or overtake you so far as the leadership qualities and virtues like honesty, compassion, sympathy are concerned."

My family joins me to underline the fact that you have saved our life and we feel highly obliged to you. We promise to chant and glorify your Timely Support till eternity.

Once again Thanks a lot Sir.

Always yours,

(Vipin C. Raval)
